

16<sup>th</sup> March 2011

Dear Mr Patel

Following our telephone conversation yesterday, below is the suggested wording for your website.

*Age Concern Birmingham supported the setting up of Sneh Sangam Day Centre 50 Plus through the help and assistance of a Co-ordinator who was employed by AC Birmingham and funded by the Active Communities Project.*

*Although funding ceased some years ago Age Concern Birmingham has continued to support the volunteers who run 50 Plus and the work of SSDC has continued to flourish and grow in the local community.*

I do hope that this is what you require and I do wish you all the best for the development of your new website.

Kind regards.

Teresa Smith

Director of Administration & Quality

Age Concern Birmingham
